Moon

ON Gliese 581g
has the same
side showing
the moon like
each other

Is there
life

They don't know
if there is life
on Gliese 581g

appears
plants

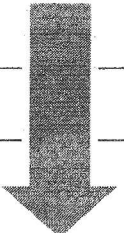

There might
be a new
world called
Gliese 581g

Goldilocks

That's what
they call it

What's on
Goldilocks

They just know
which is Gliese
581g
that it should have
water on it

Gliese 581g

Has just
son on it
no night.
